

## Why Your Charitable Donations Are So Important

It's natural to assume health systems like Methodist have plenty of money to fund new projects and programs. In actuality, almost all of the revenue we generate is used to staff our buildings and keep the lights on.

We rely on your donations to fund life-changing innovation and expansion.

## How a Dollar of Revenue is Divided

## Your Donation

**100% OF EVERY DOLLAR** you donate to Methodist Hospital Foundation goes toward the intended projects and programs.

**Philanthropy is the fastest, most efficient way to improve the health of our communities.** Without your support, vital projects and programs would have been delayed or not possible at all.

## Our Mission

Methodist Hospital Foundation raises, protects and distributes funds that improve health care for you, your family and friends.

**WITH YOUR HELP**, we are showing our patients and our communities that others care.
