Cardiopulmonary Rehabilitation Wellness Center

All funds raised will help transform an aging cardiopulmonary rehab gym at Methodist Hospital into a modern Cardiopulmonary Rehabilitation Wellness Center.

Its impact will be felt by almost all of our cardiac and pulmonary patients — a growing and key patient population at Methodist.

In addition to new and more state-of-the-art equipment, the center will include space for additional therapies, such as yoga and tai chi, as well as nutritional counseling.

Its reach will also extend beyond short-term rehab, providing patients the support and resources they need for lifelong wellness.
