

Help Us Educate and Empower Women to Prioritize Their Health

Join Our Women Connect Community as a Program Sponsor

Women Connect, presented by Methodist Hospital Foundation, is our way of encouraging healthy living and impactful giving through dynamic events and monthly outreach.

As part of every contact, attendees have a chance to support programs that make our communities healthier places to live. More important than the size of the gift is the impact we can have together.

Your partnership with Methodist Hospital Foundation:

- Highlights your organization's commitment to women's health
- Helps provide free health resources to your team and women throughout the metro area
- Promotes your organization to members of our diverse Women Connect community

Annual Sponsorship Benefits | More opportunities to engage with your employees, their ERGs and our communities.

See reverse for a detailed list of available sponsorship opportunities.

Presented by:
